1. Issues concerned with the preparation of the performance summary of the third quarter

Differences between the accounting method for sales volume and the method used in the latest consolidated fiscal year : None

2. Performance Summary of 3rd Quarter FY2004, December Term (from January 1, 2004 to September 30, 2004)

(1) Sales Volume

	In million yen	%
3 rd QR FY2004 December Term	3,581	(20.3)
3 rd QR FY2003 December Term	2,977	(△14.9)
(Reference)FY2003 Dec. Term	4,029	(△17.7)

Note: 1. The sales volume is an accumulated value up to the quarter specified above.
2. The percentage figures indicate changes from the same quarter of the previous year.

[Additional Notes on Sales Volume]

The sales volume increased by 604 million yen during the third quarter of FY2004 December term (20.3% increase). The significant growth in sales for corporate users from the same period of the previous year was responsible for the increase.

3. Revision to performance forecast

No correction has been made to the performance forecast.
