F Nissei Ebisu Bldg. 2F  
3-16-3 Higashi, Shibuya-ku, Tokyo  
Document No. M-NR-06-06

March 15, 2006

### **Starts offering of “CyberGate –Sync-” address book, an iApri that lets you synchronize an address book with a cell phone**

Planex Communications Inc. (President: Katsuaki Kubota Head office: Shibuya-ku, Tokyo JASDAQ code: 6784 herein after “Planex”) starts offering “CyberGate –Sync-” address book (herein after “CG – Sync – ” address book), iApri that lets you directly synchronize with address book data on “CyberGate –Sync-” (herein after “CG – Sync – ” ) from NTT DoCoMo iMode cell phone.

With “CG – Sync –” you can synchronize data with the address book of “KeitaiBannou 16” , a cell phone data editing software currently distributed by TriStar. \*1 “CG – Sync – ” address book lets you synchronize the address book created within the applicable iMode cell phone with the address book on “CG - Sync -” \*2 directly. Using this iApri, you can backup the address book in your cell phone on “CG - Sync -” and be prepared for possible failure or loss of your cell phone.

You can download ““CG - Sync -” address book” directly from the page at the URL shown below on to your cell phone. You will be asked for “CG - Sync -” member registration in order to use ““CG - Sync -” address book”. “CG - Sync -” is offered for free for now.

End of document

\*1 For data synchronization, an update has to be applied to “KeitaiBannou 16” to add some modules.

\*2 It is a synchronization with the address book created in iApri. You cannot synchronize with the address book embedded in the phone directly.

\*3 Applicable models are NTT DoCoMo FOMA 900i/901i/902i series. Please check the

above URL for details.

\* CyberGate is the all-inclusive term for various network services provided by Planex Communications. It is also a portal site for such services. Please see <http://cybergate.planex.co.jp/>.

CyberGate is a trademark of Planex Communications.

#### About Planex Communications Inc.

Planex Communications Inc. which was founded in July 1995 and became public in JASDAQ in 2001, having computer network communications devices as its main axis, engages in planning, development, manufacturing and distribution of latest technologies products.

Its main products are low-priced routers to meet customers needs, wireless LAN devices, VoIP related products and L2/L3/PoE switches for corporations, schools and government offices.

In May 2005, Planex has acquired American Megatrends Inc., Japan, a developer of cell phone related software and TriStar Inc., a distributor of "KeitaiBannou" series, a cell phone utilities software, to develop a new business that integrates cell phone and network.
