

10M/100M PCMCIA LAN Adapter **FNW-3700-TX**

Feature

■ Direct connector-card combination

With a DirecDock PC card, you are relieved of the risks of losing or damaging a separate media coupler. The product's cable connector is Directly "Docked with" (integrated into) the LAN card to provide superior durability and simple handling. Simply plug a network cable into the on-board connector, and you are ready to access the information you need!.

■ 10/100BASE-TX Auto-Negotiation

The product supports both 10BASE-T and 100BASE-TX. Since the adapter can be used in 10BASE-T networks, you can upgrade your network to 100BASE-TX in a phase-in manner. Furthermore, the Auto-Negotiation feature of the card automatically selects the best speed (10BASE-T/100BASE-TX) and duplex mode (Full Duplex/Half Duplex) to connect to the target network.

■ Supports Full Duplex operation

As the adapter supports full duplex mode, it effectively handles both the transmission and reception of data at the same time. When used in a switching network that utilizes a switch supporting 10/100BASE Auto-Negotiation, the product can achieve high-speed data transfer speeds approaching 200Mbps (100Mbps x 2: theoretical value).

Specifications

Product Model Number	FNW-3700-TX
Standards Conformance	IEEE802.3 10BASE-T / IEEE802.3u 100BASE-TX
Data Transfer Rate	10Mbps/100Mbps, Full/Half Duplex Auto-Negotiation
Access Method	CSMA/CD
PC Interface	PC Card Slot Type II (PCMCIA2.1/JEIDA4.1 compliant)
Controller	ASIX AX88790
LED Indicators	Link/100M/ACT
Supported Platform	IBM PC/AT compatible supporting Type II PC Card slot
Supported OSes	Windows95(OSR2 or later), Windows98, Windows98 Second Edition, WindowsMe, WindowsXP, Windows2000, WindowsNT4.0
Power Consumption	+5V DC 10M connection: 80mA 100M connection: 120mA
Dimensions	54(W) x 11.8(H) x 108(D)mm (Connector included)
Weight	35g
Operating Temperature	0 to 55 degrees Celsius
Operating Humidity	35 to 85% (non-condensing)
EMI	FCC Class B, VCCI Class B, CE
Package Contents	FNW-3700-TX, Driver CD-ROM, User's Manual
