

BT-01HS Mini Bluetooth Headset

► Feature

The PCI Bluetooth™ headset (BT-01HS) is a perfect choice for all the available Bluetooth™ Mobile Phone users. With excellent sound quality, this headset gives you room to maneuver up to 10 meter away from your mobile phone without having a shout to be heard. BT-01HS is the best choice at the office, in your car or in any other loud environment where you depend on enduring high-quality handsfree callings.

■ Stylish Design and Easy Communication

The BT-01HS is ergonomically designed for comfort and practicality, without compromising on stylish looks. Light and slim in a soft matted blue, it has a flexible ear loop to help it stay in place as you move around, and easy to use controls for call handling and volume control. Everyone will hear you loud and clear. Advanced voice control enables you manage your calls, change profiles and activate other phone features reliably without lifting a finger.

■ Best Performance

The freedom, mobility and convenience of Bluetooth™ is enhanced by the BT-01HS high performance and outstanding talk time to give you the best in wireless connectivity. In this headset, Bluetooth™ really comes of age, giving you a sophisticated and seamless way to communicate, even in the most hectic environment. The BT-01HS headset is designed to work as hard as you do, combining comfort, sound quality and staying power to make it ideal for office use, especially moving around or need free hands for work while communicate with someone. Switch to the car, and the BT-01HS proves a great traveler, providing you speak at a normal level but be heard perfectly above the traffic. The headset supports the Bluetooth™ Headset and Handsfree profiles, and works with all the Bluetooth™ phones on the market.
