

IEEE 1394 Cable (DVCable)

DVX-AA15
DVX-AA30
DVX-AP15
DVX-AP30
DVX-PP15
DVX-PP15

DV Support

i.Link Support

Feature

4pin-4pin Cable

DVX-AA15	1.5m
DVX-AA30	3.0m

4pin-6pin Cable

DVX-AP15	1.5m
DVX-AP30	3.0m

6pin-6pin Cable

DVX-PP15	1.5m
DVX-PP30	3.0m

- Establish an IEEE1394 link between two IEEE1394 devices (with DV connector) including digital AV equipment, PC, IEEE1394 peripherals
- Transmit video, sound and data through just a single cable
- Support daisy-chaining or tree-structured connectivity of up to 63 devices: also support Hot Swap
- High speed data transfer speeds up to 400Mbps
- The double shielded structure (utilizing high-density braided wires and aluminum tapes) and twisted-pair structure of the cables reduce noise, enabling high-quality digital data transmission
- Support Sony's "Smart Connect" standard (establishes a peer-to-peer LAN via i.Link connectors)
